What we do

2015

open network
1000+ in LinkedIn

20+ events

innovation contest finalist

2020

association 113 members

Entrepreneurial mindset: learning to value your own expertise, pricing, productizing, marketing, self-management

Career: compact CVs, more versatile skills, networks beyond your own discipline, peer learning

Communication: speaking and writing common language, using digital channels such as social media and personal webpages, information interviews, pitching

Our mission

1. Create **value** from scientific knowledge and competence
2. Support **career** development among Finnish PhDs
3. Advance personal career **skills** needed beyond academia

Welcome to PhD Network!

We are not just for Finnish PhDs, but also self-employed experts, career coaches and PhD students – who represent about 25 % of all members – across all disciplines!
